

BEFORE
THE PUBLIC SERVICE COMMISSION OF
SOUTH CAROLINA
DOCKET NO. 98-226-E - ORDER NO. 98-1021
DECEMBER 22, 1998

IN RE: Application of Carolina Power & Light)	ORDER APPROVING
Company for Approval to Terminate its EZ-)	REVISED RATE
\$64 Residential Load Control Program.)	SCHEDULE/TARIFFS

/MR

This matter comes before the Public Service Commission of South Carolina (the Commission) on the request of Carolina Power & Light (CP&L or the Company) for approval of its requested tariff revisions made pursuant to Commission Order No. 98-683, which terminated the Company's EZ-\$64 Residential Load Control Program, effective January 1, 1999. The revised residential rate schedules reflect a 0.019 cents per KWH reduction. The tariffs also incorporate elimination of obsolete language due to removal of the availability of the Load Control Program and clarification to the wording in the PAYMENTS section.

Under the terms of Order No. 98-683, this credit rider of 0.019 cents per KWH is hereby made effective for bills rendered on and after January 1, 1999, the date credits under Rider 56 will no longer be paid. The revised residential rate schedules are approved as submitted, including the additional changes proposed by the Company removing obsolete language and clarifying the wording in the PAYMENTS section of the tariff. The latter two changes are certainly reasonable, in light of the elimination of the program itself.

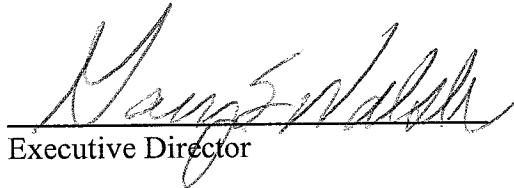

The Company shall file ten copies of the revised rate schedules/tariffs within ten days of receipt of this Order.

This Order shall remain in full force and effect until further Order of the Commission.
